

Which iPod are you?

iPod shuffle

The first music player that talks to you.

Jaw-droppingly small with the controls on the earbud cord. The new VoiceOver feature tells you the song, who's performing it, and the names of your playlists, too.

iPod nano

The world's most popular music player.

iPod nano now has a video camera that lets you spontaneously shoot video. It has a polished anodized aluminum finish and a larger screen. FM radio built-in.

iPod Classic

Your entire entertainment library to go.

Carry thousands of songs or hundreds of hours of video with you everywhere. With up to 36 hours of battery life and a 2.5-inch color display, you'll enjoy every second of it.

iPod touch

The funnest iPod ever.

Play games like never before. Tap into your music and movies. Take the internet with you. And experience it all with Multi-Touch technology on a beautiful 3.5-inch display.
